

**Don't Be Left
Feeling Flat
This Winter**

Nissan's complimentary Battery & Charging System Health Test

Will your battery cope when winter bites? Hot weather can damage batteries - cold weather can stop them working!

Why risk inconvenience and disruption in your day...pop in and we'll make sure your battery and charging system won't let you down. And just like a flat battery...there is no charge.

This offer includes: a battery health test with report and charging system check.

Suitable for all Nissan vehicles.

We use and recommend batteries from the Century Battery range.

High performance batteries fitted by us from the Century Battery range are covered by a 2 year manufacturers warranty from the date of original purchase.

Replacement batteries are at your cost. Excludes the cost of any additional work found to be necessary. We will ask for your permission to proceed before incurring any additional cost. Fleet, Government and Grey import vehicles excluded. Special order required on some batteries. Not all models stocked.

NP2009 0147

Offers & prices subject to change without notice. Freight excluded. Images illustrative only.
Offers valid 01.11.09 to 31.03.10 or while stocks last.
