

Maintain performance with a **Nissan Fuel System Service**

NISSAN GENUINE
PARTS | **SERVICE** | ACCESSORIES

SHIFT_the way you move

Keep your NISSAN 100% Genuine. **Book your service appointment today.**

A Nissan Service Technician will inspect the Fuel System* and:

- > Check onboard computer with Nissan CONSULT
- > Check for leaks, and abnormal operation
- > Check fuel lines, carbon canister and connections
- > Check fuel filler lid
- > Add 250ml of Nissan Performance Plus# - Fuel Injector Cleaner
- > Road test

*The Nissan Fuel System Service excludes the replacement of the Fuel Filter (where fitted) should one be required. We will ask you for permission to proceed before replacing any additional parts.

#Suitable for Nissan Electronic Fuel Injection Systems.
