

# Maintain Control with a **Nissan Power Steering Service**

**NISSAN GENUINE**  
PARTS | **SERVICE** | ACCESSORIES

SHIFT\_the way you move

Keep your NISSAN 100% Genuine. **Book your service appointment today.**

A Nissan Service Technician will inspect the Power Steering System and:

- > Check the power steering drive belt for condition and adjustment
- > Check the pump, power steering lines, connections and rack
- > Drain and refill the system with Nissan Genuine ATF\*
- > Check for leaks, and abnormal noise
- > Road test

\*Excludes Electric Power Steering (EPS) vehicles.

The Nissan Power Steering Service excludes the of cost of any additional parts, items, or repairs.

We will contact you for approval to proceed before replacing any additional items found as a result of this service.
